Subject: Additional Data Files to be Noted as Final in Scribe

Hi **Ex. 4 - CBI**

I am following up on the update that John provided yesterday.

I did not update the spreadsheet - as John did yesterday. However - I would appreciate it if you would note the files (data) referenced below as being FINAL:

- Per **Ex. 4 - CBI** e-mail (03/01/2012 03:59 PM)

Based on the response from the R2 Lab dated 2/28/12, the data included in Files 1202028 FINAL 02 17 2012.pdf, 1202019, 1202021 P-1201028 PARTIAL 02 13 2012 1637.pdf and 1202022, 1202023 P-1201028 FINAL 02 15 2012 1448.pdf and included in the Verification/Completeness Check issued on 2/24/12 (document SERAS-001-DSR-022412_Dimock_11) require no additional qualification.

- Per **Ex. 4 - CBI** e-mail (03/02/2012 09:13 AM)

Based on the response from the R9 Lab dated 2/22/12, the data included in File 12030a_rsk 175.pdf, 12030a_tph_purgeable.pdf and 12030a_tph_extractable.pdf and included in the Verification/Completeness Check issued on 2/17/12 (document SERAS-001-DSR-021712_Dimock_6), no qualification of the data is required.

I will continue to let you know when EPA determines the data to be final so that you can note this in Scibe. I am hoping to talk with our folks in Fort Meade on Monday to close the loop on the files (data) where **Ex. 4 - CBI** has recommended certain qualifiers.

I'll try to work out a better system next week. Let me know if you have questions. THANKS! - Kelley

Kelley and I went through the comments we have received and indicated on your spreadsheet which lines can be marked as final. They are noted in yellow. The orange lines still have questions we have to resolve.

Deb indicated that lines 2-6 have been combined in line 25. If this is confusing, talk to **Ex. 4 - CBI**
